Join the CLIMATEFIT  
Replication  
Programme

## SUPPORT THE LOCAL RESILIENCE TRANSITION IN YOUR TERRITORY

The CLIMATEFIT replication programme is now open for applications! We invite local and regional public authorities to participate in a structured learning process aimed at scaling up climate adaptation financing strategies and establishing Local Resilience Taskforces (LRTs). Selected participants will benefit from mentorship, capacity-building workshops, and direct engagement with experienced territories and financial experts to advance their climate adaptation initiatives.

### ◆ Why participate?

- ✓ Access to expertise – Learn from leading specialists in climate adaptation financing.
- ✓ Innovative solutions – Gain insights into financing mechanisms and investment strategies.
- ✓ Tailored support – Receive structured guidance on establishing LRTs and developing investment plans.
- ✓ Networking & peer learning – Connect with other territories and exchange best practices.

### ◆ Who can apply?

- ✓ Local & regional public authorities (cities, municipalities, metropolitan areas).
- ✓ Public organizations supporting public authorities (climate agencies, development agencies, etc.).
- ✓ Entities with a clear commitment to advancing climate adaptation financing and strategy development.

### ◆ Programme structure

Participants will join three online replication workshops and voluntary advanced programme:

- ✦ Step 1 – Getting started: An online workshop (2-4 hours) where participants are introduced to CLIMATEFIT's key principles, exchange on their local adaptation and financing challenges, and learn from mentors about initial lessons and barriers in adaptation finance.
- ✦ Step 2 – Working together: An online workshop (2-4 hours) focused on the Local Resilience Taskforce (LRT) model, exploring how it can accelerate resilience investments and facilitate collaboration between public authorities and financial entities.
- ✦ Step 3 – Moving forward: An online workshop (2-4 hours) dedicated to making adaptation projects more bankable, applying CLIMATEFIT methodologies for investment strategies and financing solutions, and fostering regional and international collaboration.
- ✦ Bonus – Voluntary advanced programme: A tailored mentorship opportunity for experienced replicators with concrete adaptation projects, providing on-demand exchanges with experts on financing mechanisms and LRT development.

### ◆ How to Apply?

The Application Form is not extensive and will take you about 15 to 20 minutes to complete!

-  **Application period:** March 4 – May 30, 2025
